Issue No 261- June 2020

Hi Everyone,

We still have no news when we will be able to re-open and as each week progresses and more suggestions and rules are made by Government we will try and keep you up to date with information that affects our group.

Hairdressers will soon be able to re-open with safety precautions about the number of people in each salon at any one time. We know that many of us are looking forward to that – few of us are without longer hair than usual, which has a mind of its own- either curling where it normally wouldn't, or hanging lankly!

This month we have included in the newsletter a quiz that we would be doing at our Drop- In Sessions. The answers will be in our July newsletter, along with another quiz. Until we meet again here is a reminder of our usual venue.

Survey for Stroke Association Group Members

The University of Exeter are working with the Stroke Association to **find out** how stroke group members and leaders are coping during the Covid-19 pandemic and **what more could be done to support you now and in the future.**

If you would be happy to **fill out this new online survey**, that would be a great help. **You do not have to**; it is completely up to you.

It is **for anyone in a stroke group who has had a stroke**, both members and volunteers.

If you are interested please email Linda Fell at linda.jigsaw19@outlook.com
And she will send you the link.

FOREVER MANCHESTER

Forever Manchester has always believed that connected communities make stronger, happier communities and love any activity that brings people together. That's why every summer and Christmas for the last few years, they have given out awards so that people can host Get Togethers in their communities.

This year, this isn't possible, at least not in the way that may have been anticipated, but community is needed more than ever. With the support of their partners CDL (Cheshire Data Systems Ltd), they are giving **50 community groups the money to purchase an annual Zoom license.**

We have been successful in applying for this funding and will in the next few weeks be able to purchase a Zoom license. This will give an opportunity for those with online technology to meet online in the future. We will let you know once we are up and running how this may work for the group.

HUMOUR SECTION

**Always remember this: You do not stop laughing because you grow old.
You grow old when you stop laughing.**

"I read your new book," the snobbish critic said to the author. "Who wrote it for you?"
The author replied " Who read it for you?"

After a terrible accident at the factory, where Fred fell into the upholstery machine, he is now fully recovered.

I would never have believed 12 weeks of uncut hair would weigh over a stone. But if that's what the scales say it must be right.

The Seven Dwarves have been told they can meet in groups of six. One of them isn't Happy.

I was at a job interview today when the manager handed me a laptop and said "I want you to sell this to me ". So, I put it under my arm and went home. Eventually he called me and said " Bring my laptop back now". I said "£200 and it's yours".

I went out for a walk yesterday, saying that I was just going to the end of the street and coming straight back. My wife asked me why I didn't go to the main road and do a complete circuit of the block, if I wanted some exercise. I responded that I wanted to avoid the corner-virus.

A bloke who was run over by the mobile library began to groan and moan.
The librarian jumped out of the vehicle, bent down and said, " SSShhhhh!"

NOTICE OUTSIDE OF A LOCAL PUB WARNING

Bars need your help. We can only open at 1/3 of our capacity!
Those who cannot drink for **3** are kindly asked to leave their place for the professionals.
